Timeline

Community Liaison Group

On Thursday 10th September 2020, we held the first Community Liaison Group meeting. We are very pleased with the commitment, engagement and involvement of the group and would like to thank each representative for agreeing to attend these upcoming meetings. The feedback will help to inform our decisions on this project that has the community at the heart of it. In attendance at this meeting there were representatives from:

- Ockham Parish Council
- East Clandon Parish Council
- Enterprise M3
- Send Parish Council
- West Clandon Parish Council
- Surrey Chamber of Commerce
- Ripley Parish Council
- Ockham Parish Church
- RHS Wisley
- East Horsley Parish Council
- Wisley Action Group
- Guildford Society
- West Horsley Parish Council
- Guildford Bike Users Group

These sessions will be held on a frequent basis to discuss a wide range of topics that matter most to the community, some of which were suggested at this introductory meeting, such as health provision, infrastructure, integration with the community, security on site etc.

The Community Liaison Group is a great opportunity for representatives to feedback the thoughts of the wider community and to ensure that there is a strong dialogue between Taylor Wimpey and local residents. The first introductory meeting proved to be engaging and informative and we look forward to the continued feedback in all our future meetings.

If you have any questions that you would like the Group to address please contact one of the representatives above or if you feel that you are not represented please contact consultation@wisleyairfield.com.

We have published the minutes of this meeting on our website at www.wisleyairfield.com/library, all subsequent meeting minutes will be published on our website for the whole community to see.

The second Community Liaison Group meeting was held on the 24th September 2020. During this session we discussed the results of the design review panel and the community consultation results in depth with the group members.

Design Review Panel Feedback - August 2020

Taylor Wimpey is pleased to announce that in August 2020 we presented our initial work in progress framework plan to Design South East. This is part of the Policy D1 consultation strategy that we have agreed with Guildford Borough Council.

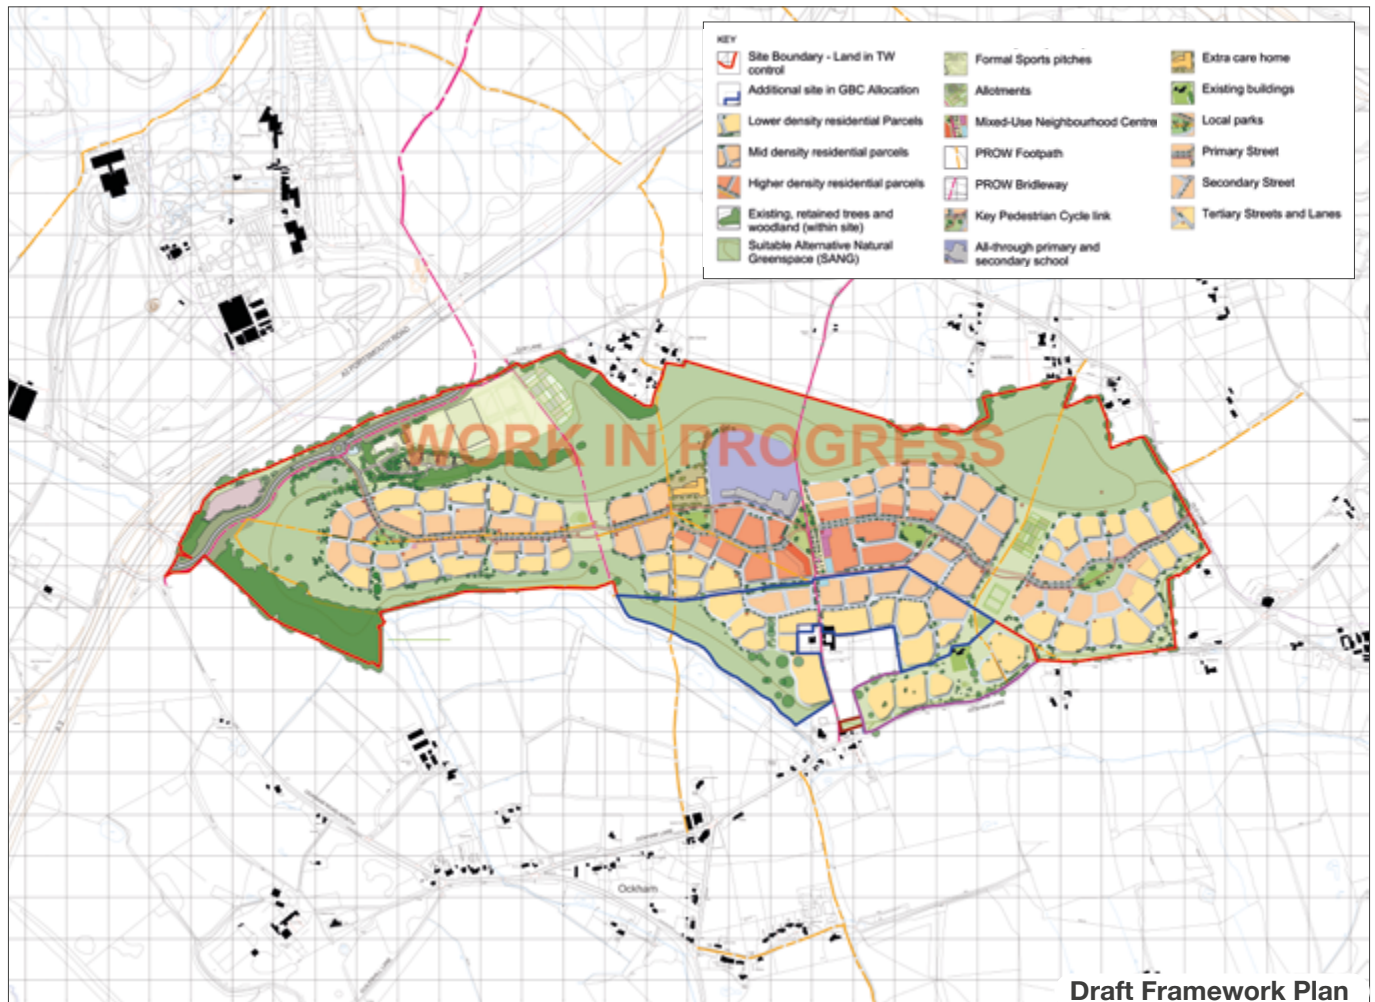

This framework plan has evolved following feedback from the community in the form of our online community consultation events in July 2020 and through our stakeholder engagement.

The feedback we received at these events has provided us with a starting point in progressing the design development for the framework plan.

If you would like to view the draft framework plan please visit our website www.wisleyairfield.com/news

This drawing concludes this first round of community engagement and will be used to develop the plans further in the upcoming consultation programme.

We will now be looking at the feedback that we have received on this plan from Design South East, Community Liaison Group as well as further comments received from stakeholders before we present a revised framework plan to the community later in 2020.

Site Activities - Archaeological Investigations

We will shortly be commencing our archaeological investigation works on the former Wisley Airfield. These will be site wide. All public rights of ways will remain open throughout, and the necessary steps will be taken to ensure the safety of the public. The works will continue for approximately six weeks. Please do stay vigilant when visiting the former Wisley Airfield.

Please do not hesitate to contact us should you wish for further information on the archaeology works.

Updates

Meeting With the Police

Our specialist on-site security team, Kestrel Guards, have been working on the former Wisley Airfield site to prevent any anti-social behaviour.

We are aware of recent incidents of anti-social behaviour on the site. We have informed the police of these incidents and have changed the schedules of the security team to help curb any further anti-social behaviour.

On Friday 18th September 2020 we met with the police on site to discuss the ongoing anti-social behaviour at the former Wisley Airfield. We will continue to work closely with the police and local authorities as we are committed to ensuring everyone's safety across the site where this is practicably possible.

If you wish to contact the security team to notify them of an incident, then please find their contact details below:

Kestrel Guards - 24hour Control Room

Call 02380 666 760

or email Wisley@kestrelguards.co.uk

Please do not approach anyone on the site, instead contact our security team to log an incident and they will do their best to make sure any issues are dealt with appropriately.
